Dan,

Based on the given information, let's discuss an extension once the Site Clearing begins.

**Subject:** Proteco Landfill Superfund Site: Request for an extension of the Site Reconnaissance Visit deadline

Ms. Luna,

During an October 28, 2021 teleconference call, we discussed that mobilizing to the Proteco Site to begin initial SWPPP implementation had originally been planned for November 8, 2021, but that delays in obtaining the Fish and Wildlife concurrence has forced us to postpone the first day of field activity to November 15, 2021. Site clearing work will begin as soon as possible thereafter. Due to these delays, we will not be able to meet the Site Reconnaissance deadline of December 30, 2021, and we will need an extension. We propose to provide a new date after the site clearing work is completed, which is expected to take approximately eleven (11) weeks. Please confirm this is acceptable.

Best Regards,
